Sponsor

Mela Kulcha and
bring our van to you

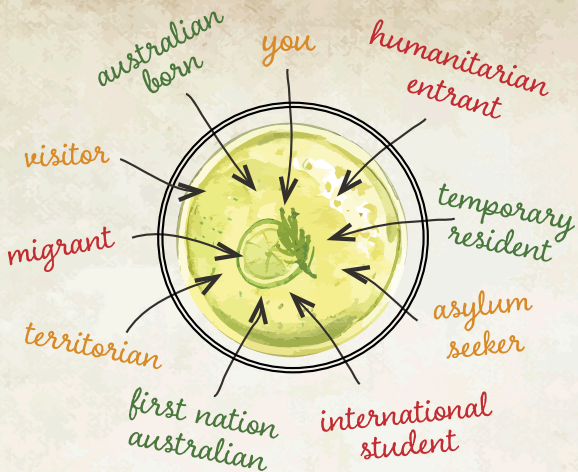

Mela Kulcha is a learning social enterprise by Melaleuca Australia, intended to provide opportunities for people from culturally diverse backgrounds to share their hospitality and culture with the broader Darwin community while learning new skills. The van is available to tailor a package to suit any event from weddings to corporate functions.

The Mela Kulcha philosophy

Imagine going to a new country and not being able to speak the language and not having the familiarity around you that you usually have. At the same time, needing to gain employment to support your family in a place that requires you to have experience before getting employment – it becomes a catch 22 situation, you need the language to get employment and you need the employment to get experience and you need the experience to get the employment. Where do you begin.

As a not for profit organisation, your sponsorship enables opportunities for us to employ people from diverse background and support them to learn new skills. This will lead to build their confidence and ultimately provide opportunities for them to be employed and lead the lives they choose.

What happens when you sponsor

As a sponsor of Mela Kulcha, you select a level of sponsorship which enables Melaleuca to bring the mobile van to your place of choice, fully staffed. The mobile van is a versatile, vintage inspired coffee van and bar. The people who work in the van are often learning, building their confidence and have incredible dreams for their futures.
